EDUCATION

- **Indian Institute of Information Technology, Kottayam** Kottayam, India
Bachelor of Technology - Computer Science; GPA: 7.01 *August 2019 - May 2023*
Courses: Operating Systems, Data Structures, Analysis Of Algorithms, OOPS Concepts, Databases

SKILLS SUMMARY

- **Languages:** Python, HTML/CSS, JavaScript
- **Frameworks/Libraries:** ReactJs, Bootstrap, Tkinter
- **Tools:** GIT, Github, SQL
- **Platforms:** Linux, Web, Netlify, Vercel, Windows
- **Soft Skills:** Leadership, Event Management, Writing, Public Speaking, Time Management

EXPERIENCE

- **Front-end Developer Role** College
Group Project *August 2022 - April 2023*
 - Collaborated with a team of developers to design and develop the user interface for an AI-based interview assessment system using HTML, CSS, and JavaScript.:
 - Developed different pages for the application, including the interview panel, candidate assessment page, admin panel, and main page with login and sign-up options.:
 - Contributed to the development of the application's core functionality, including automated email HTML functionality and integrating it with the rest of the system.:
 - Utilized version control tools such as Git to manage code changes and collaborated with the team to maintain code quality and improve website performance and usability.:

Tech: HTML/CSS, Javascript, ReactJs, TailwindCss

PROJECTS

- **Hurdle (Wordle Game Clone):**
 - * Created a web-based clone of the "Wordle" game using React.js, replicating the popular word-guessing experience.:
 - * Leveraged a JSON server with sample data to enhance gameplay, offering users a seamless and data-rich gaming environment.:
 - * Designed an interactive and user-friendly web interface tailored for word puzzle enthusiasts.:
 - * Demonstrated expertise in web application development with a focus on replicating the engaging gameplay of the original "Wordle" game.:
- Tech: ReactJS, CSS, Javascript
- **MovieSmurf (Web Application):**
 - * Engineered a dynamic web application that empowers users to seamlessly retrieve comprehensive movie details through a robust search function.:
 - * Leveraged React.js and harnessed the power of state management, including hooks like useState, to create an intuitive and responsive user experience.:
 - * Developed a dynamic web app with real-time status updates and engaging CSS animations for movie data retrieval.:
- Tech: ReactJS, CSS, Javascript
- **sc00p.it (Web Development):**
 - * Designed and developed an engaging portfolio website with interactive features and captivating animations, creating an immersive user experience.:
 - * Enhanced user engagement by implementing dynamic JavaScript-driven features and seamless CSS animations, resulting in a visually appealing and highly interactive interface.:
 - * Optimized the interface for showcasing skills and projects, resulting in a visually appealing and high-performance web presence.:
- Tech: Html, CSS, Javascript

VOLUNTEER EXPERIENCE

- **Event Organizer at IIIT Kottayam Sports Club** Pala, India
Organizing events, conducting sports and fitness activities *Aug 2021 - Present*
